

Feed-back after participation

Dear Ms. Pagu,

On behalf of the World Association of Non-Governmental Organizations (WANGO), I would like to express our gratitude for your exceptional contribution to our Annual Conference in Budapest, Hungary. By all accounts, the conference was an outstanding success. You were a very important part of that success. The attendance of many executive NGO officers, as well as select governmental and intergovernmental officials and corporate leaders, provided a weighty backdrop to our discussions on the theme of *Healing a Hurting World: The Role of NGOs*. In all, over the course of our four days in Budapest, more than 270 leaders from 55 nations participated in this conference. Most importantly, the feedback from the attendees has been unanimously one of praise for the conference and the speakers.

Soon, we will have posted on the conference website (www.wango.org/wango2004.htm) an overview of the conference, with conference photos, as well as the rapporteur's report, conference resolutions, speakers bios, the program, abstracts, awards, and other details.

Meanwhile, if you would like to see the Executive Summary, complete with photos, it can be observed online at www.wango.org/upload2004/executivesummary/executive_summary.htm.

Notably, your presentation was cited by many participants as being particularly insightful and substantial. I would like to extend our thanks to you for helping this program to achieve a higher level. In short, you made us look good.

We are in the process of preparing the conference proceedings. This will be a high-quality, edited volume, similar to our previous proceedings books, and this book will be published by Paragon House Publishers. Once again, our gratitude for your unique contribution to this program, and our sincere, best wishes for continued success in all your endeavors.

Best wishes,

Frederick A. Swarts, Ph.D.

Assistant Secretary General, WANGO

Technical Program Director, WANGO 2004
